Demonstrations With Guns And Hand Grenades in Bulgarian - Occupied Macedonia Reported as German Firing Squads And Public Hangings Snuff Out Lives of 170 in Hungary, Belgium and Slovakia

SLIDERS REPORTED IN USE IN THE CRIMEA

By the Associated Press
A Greek uprising with machine-guns, hand grenades and revolvers in Bulgarian-occupied Macedonia was reported today as German firing squads and public hangings snuffed out lives of 170 in Hungary, Belgium and old Czechoslovakia.

The Germans asserted that an incipient Czech revolt in Bohemia-Moravia was "in hand" as 39 new death sentences were handed down in the Nazi protectorate.

With Europe's millions chafing bitterly under the yoke of Nazi conquest, German executioners and the dread Gestapo have been forced to work overtime in the occupied countries.

Resorting to the "hostages" system of reprisal, executing men in jail for anti-Nazi attacks committed by others—Germany has threatened to retaliate against the whole populace of Paris for assaults on Nazi soldiers, has executed Dutch and Belgians by the score for aiding British fliers, and has shot or hanged untold hundreds who refuse to submit to German rule.

In little Croatia alone, tens of thousands of Serbs are reported to have launched guerrilla warfare against the Axis-sponsored regime. Some observers returning from Europe have predicted a French revolt within four months said 10 German airmen en route to an airport there were fired on Tuesday night and that two of them were killed.

Other major developments on the international scene included:

1. Russia's Red armies reported smashing an attempted breakthrough by great masses of German troops on the southern (Ukraine) front.

2. Advances reaching London said violent fighting raged at the bottleneck gateway to the Crimea peninsula, key to control of Black Sea waters, with the Germans making extremely slow progress southward.

4. In the siege of Leningrad, the Russians said that three Nazi assaults had cost the invaders more than 1,200 killed and wounded without gain and that intense fighting at close range continued on the perimeter of Leningrad's outer defenses.

5. At sea, the Nazi High Command reported the sinking of 683, 400 tons of British shipping in September, crediting U-boats with the destruction of 452,000 tons.

The Swiss Telegraphic Agency quoted dispatches from Budapest as saying the Greeks attempted a revolt Monday. Police and military forces, it said, "re-established calm."

Authorized Czech quarters in London said the wave of executions.

OPINION VARIES ON REVISION

Washington, Oct. 2.—(P)—Suggestions that congress may be willing to go beyond President Roosevelt's expected recommendation for revision of the neutrality act came today from two senators who often differ widely on domestic policy—Hill (D-Ala) and Bridges (R-NH).

While no legislator professed to know precisely what Mr. Roosevelt would recommend, there have been reports that he might confine himself to a request for authority to arm American merchant ships.

Chairman Connally (D-Tex) of the senate foreign relations committee and others have urged, however, the simultaneous termination.

PROBERS SEEKING TO LEARN REAL FACTS ABOUT TANK CAR SCARCITY

Two Fatalities in 28 Division Now In the Carolinas

Linesville, N. C., Oct. 2.—(P)—Two members of Pennsylvania's 28th Division have been killed in accidents preliminary to next week's large scale war games in the Carolinas.

Private Edmund J. Migliori of Headquarters Battery, First Battalion, 108th Field Artillery, was crushed to death yesterday when a weapons carrier overturned near here. His home is in Philadelphia.

Private Joseph A. Colosimo of the same outfit, whose home also is in Philadelphia, received a fractured right clavicle and concussion.

The Division's first fatal mishap took the life of Second Lieut. Paul Z. Friend, 26, of the 110th Infantry, formerly stationed at Connelville, Pa.

He was killed late Tuesday when a truck which he was riding was forced off the road near Fort Bragg, where the unit has been encamped since its trip from Indianapolis, Ga., Pa.

Four others from the Connelville unit.

WAR ON HITLER OUR STRUGGLE POLING INSISTS

Philadelphia, Oct. 2.—(P)—The war against Adolf Hitler of free men everywhere, declared Dr. Daniel A. Poling upon his return from England.

While calling for "a practical unity of action for peace, as well as for war," the Philadelphia Baptist Temple pastor and president of the World's Christian Endeavor Union declared "no plea of program for peace can be seriously regarded until the evil might of the dictators has been broken."

"A mediated peace now as of the status quo would be Hitler's speech," said Dr. Poling. "That peace would be the death of freedom for our time. God pity us if we give consent to that."

The minister, who flew to Britain a month ago aboard a British bomber and returned yesterday by clipper, said he talked with Prime Minister Winston Churchill and other important laymen "to ascertain the attitude of the accredited leaders of religion groups of all faiths toward the Atlantic charter—the joint Roosevelt-Churchill eight-point statement on peace aims."

"I find that British religion and educational leaders agree," said Dr. Poling, "that the eight points

Aroused by Reiterated Charges of Secretary Ickes Committee Calls Head of Association of American Railways

FIGURES ARE DISPUTED

Washington, Oct. 2.—(P)—The yes-there-is, no-there-isn't quarrel about the number of tank cars available to carry petroleum products to the east produced a railroad estimate today that more than 24,000 could be put on the job.

The new figure was supplied to a senate committee investigating reports of oil and gasoline shortages on the Atlantic seaboard by J. J. Pelley, president of the Association of American Railroads, whose previous, and lower, estimate had been disputed by Petroleum Coordinator Ickes as absurdly high.

Disputing Ickes in turn, Pelley asserted that it would present "no problem" to the railroads to load the 300 to 600 cars he said were needed to haul 200,000 barrels of oil to the east daily.

Aroused by the reiterated charges of Secretary of Interior Ickes that it had hampered the oil conservation program, the committee called John J. Pelley, president of the Association of American Railroads, for testimony members predicted would controvert Ickes' claim that no tank car surplus existed.

Chairman Maloney (D-Conn) told reporters he was interested in learning whether any oil companies were "hoarding" cars by using them on local or intra-city hauls when they might otherwise be employed in bringing oil or gasoline to the east.

Pelley has contended that a survey made September 27 showed 28,331 "idle" tank cars at that time. Ickes, attacking the credibility of this testimony, asserted yesterday that a recent check had indicated no more than 5,192 cars

DATA COMPILED BY DEAD MAN IN RECORD

Washington, Oct. 2.—(P)—A statement by the late Ernest Nemenyi, industrial editor of the Youngstown Vindicator, will be included in the printed record of hearings by the house rivers and harbors committee on construction of a Beaver-Mahoning canal.

The committee listened in silence while Kenneth Lloyd, of Youngstown, read the statement yesterday, three days after the death of Nemenyi, who collapsed while assembling data on the canal he had advocated many years.

Lloyd paid tribute to the hard-working Nemenyi, who had cooperated with Representative Kirwan (D-Ohio) in arranging the hearings.

KIDNAPER SUSPECT SUICIDES

Former Governor and Mrs. E. D. Rivers Clubbed on Head With Pistol Butt at Their Home in Lakeland, Fla., by Assailant, Who, Finally Beaten Off, Kills Himself at Nearby Tourist Camp

ROUGH DRAFT OF NOTE IS FOUND IN TRAILER

Lakeland, Ga., Oct. 2.—(P)—Former Governor and Mrs. E. D. Rivers were clubbed on the head with a pistol butt at their home last night by an assailant, who, finally beaten off and foiled in what police said appeared to be a bizarre kidnap plot, killed himself at tourist camp.

Three shots were fired, Mrs. Rivers said, in a tense struggle before she and her 45-year-old husband drove the intruder from their living room. Neither was hit by bullets but she received an ugly gash over the eye and the former state executive was so badly bruised and gashed that physicians gave him a sedative.

Neighbors trailed the attacker towards a roadside camp in the outskirts of nearby Valdosta, Ga. Police Capt. J. L. Murphy of Valdosta reported that when he and two other officers confronted the man there, he turned on a light in his trailer and fired a 22-calibre pistol bullet into his mouth.

Murphy said the slight, 130 to 135 pound man, about 35 years old, carried a card and a 1932 Pennsylvania drivers' license bearing the name of Horace Waters Bilde and giving a Pittsburgh, Pa., address. He added that he was convinced that this name was correct.

School authorities in Pittsburgh said a Horace W. Bilde, Jr., 38, resigned as a teacher in the Bax-

Hudock said the suspect, whom he identified as a resident of Conway, Beaver county, had waived extradition and was being returned to Beaver by Corporal Paul A. Rittelman.

The wreck of the railroad's Buckeye train, running from Cleveland to Pittsburgh, was officially attributed to sabotage. Railroad officials said 44 spikes

Union Officials Threaten to Call Out 162,000 Members in Alabama if Governor Attempts to Send Guard to Mobile

2,500 ARE NOW IDLE

By the Associated Press
Ship construction on the Gulf coast was hampered today by two walkouts, one of which threatened to spread among CIO craftsmen all over Alabama.

Steve Martin, business agent of the Industrial Union of Marine and Shipbuilding Workers of America (IUMS), announced that members of the union at Mobile had voted to call an official strike and start picketing two yards of the Alabama Drydock and Shipbuilding Company there unless demands were met. He said 2,500 men had walked off by last night.

Further, Martin said, CIO headquarters at Birmingham had agreed to call out 162,000 affiliated members throughout Alabama if Governor Frank M. Dixon should attempt to send state guards to Mobile. The union spokesman said the walkout was in protest of alleged violation of the union's contract with the company and because of the firm's refusal to raise wages "when the time came to raise wages."

A company official said the trouble.

RCAF SHIP LANDS ON U. S. SOIL

Canadian Bomber With One Rack Loaded Makes a Forced Landing in Hay-field on a Farm Near Greenland, N. H., During Early Hours of the Morning After Becoming Lost Over Atlantic

Greenland, N. H., Oct. 2.—(P)—A big, twin-motored Canadian bomber plane, its bomb-racks still half loaded, skidded into a hay field in the early morning darkness near here today, with all members of its four-man crew escaping injury.

Its gas supply nearly exhausted, the plane landed by the light of its own flares after a mission that apparently had carried it out over the Atlantic. It plowed a deep furrow for more than 200 feet through the 100-acre hay field before coming to rest, badly damaged but still intact.

Raymond J. Cash, a Portsmouth navy yard worker, whose house was only a few feet from the landing scene, told an Associated Press reporter that the plane still carried two big bombs in its left-hand racks.

"The right hand racks were empty," he reported.

(In Halifax, N. S., headquarters of the Royal Canadian Eastern Air Command said the "bombs" were smoke floats used to take bearings at sea and that the plane "lost its way while on a routine" patrol off Nova Scotia.)

FOUR FLIERS ARE ALL FOUND TO BE UNHURT

Greenland, N. H., Oct. 2.—(P)—A big, twin-motored Canadian bomber plane, its bomb-racks still half loaded, skidded into a hay field in the early morning darkness near here today, with all members of its four-man crew escaping injury.

Its gas supply nearly exhausted, the plane landed by the light of its own flares after a mission that apparently had carried it out over the Atlantic. It plowed a deep furrow for more than 200 feet through the 100-acre hay field before coming to rest, badly damaged but still intact.

Raymond J. Cash, a Portsmouth navy yard worker, whose house was only a few feet from the landing scene, told an Associated Press reporter that the plane still carried two big bombs in its left-hand racks.

"The right hand racks were empty," he reported.

(In Halifax, N. S., headquarters of the Royal Canadian Eastern Air Command said the "bombs" were smoke floats used to take bearings at sea and that the plane "lost its way while on a routine" patrol off Nova Scotia.)

The plane was approximately 150 miles southeast of the nearest port on the Canadian border when it landed, and more than 200 miles from the New Brunswick line, where it adjoins northern Maine.

In the darkness it had missed the Portsmouth airport by only a few miles, and was about the same distance from the huge Portsmouth navy yard, where two British submarines now are berthed for repairs.

The four young Canadian fliers would say little, except for a remark by one of them that "we were off the track."

A few hours earlier the U. S. Navy reported one of its own planes had been forced down in rough seas east of the tip of Cape Cod during a confidential mission, but that both the plane and its personnel had been rescued.

A heavy guard of soldiers from the army barracks near Portsmouth was thrown around the dull gray Canadian bomber long before daylight. The four fliers were taken to the Portsmouth naval hospital for a check-up.

Mrs. Cash, who served the Canadians with coffee in her kitchen after they landed, told newsmen that they "looked like youngsters, all bundled up in heavy flying suits."

"Their faces were drawn and tired, but they seemed to be full of pep," she said.

Cash said he was awakened by a heavy rumbling over his house shortly after 1:30 a. m. "I looked out and saw a flare floating down," he added, "but the plane landed even before the flare did. There was a heavy grinding as the plane skidded into the field not more than 300 feet from my bedroom window. There was no explosion."

REACH DECISION ON MANNER OF AID TO RUSSIA

Moscow, Oct. 2.—(P)—Virtually every Soviet supply request is to be filed by the United States and Great Britain in exchange for Russian raw materials under a swiftly reached agreement of the Moscow war needs conference.

Tri-power conferees wound up their business and closed the session last night accomplishing in three days what they had expected to require five, to speed the strengthening of the U. S. S. R. for the struggle against Germany.

W. Averell Harriman, chairman of the United States delegation, spoke for both himself and Lord Beaverbrook, head of the British mission.

"In concluding its session," the statement said, "the conference states that it adheres to the resolution of the three governments to establish, after final annihilation of the Nazi tyranny, a peace that will enable all countries to live in security on their territories in conditions free from fear or need."

Foreign Commissar Vyacheslav Molotov, chairman of the Soviet committee, said the conference "arrived at a unanimous decision on all problems with which it was faced."

BULLETIN

Yankee Stadium, New York, Oct. 2.—(P)—The Yankees pushed across a run in the second inning of the second World Series game today to take a 1 to 0 lead over the Brooklyn Dodgers. Charley Keller scored on an infield hit by pitcher Spurgeon Chandler after two were out. It was the Yankees' third blow off Whitlow Wyatt in two frames.

Keller started the Yankee rally with a clean single to center, Gordon drew a walk and both advanced as Rizzuto grounded out. Chandler topped a high bouncer to Cookie Lavagetto at third, and Keller romped home as Lavagetto's throw at first was too late to nip the Yankee pitcher. Gordon also attempted to count on the play, but Camilli whipped the ball to Catcher Mickey Owens in time to get him at the plate.

Meantime, Chandler appeared to have the Dodgers under full control, striking out two of them in the first inning and allowing only one hit, single by Joe Medwick in the second. A fast Gordon-Rizzuto-Sturm double play wiped that out.

BY JUDSON RILEY
Yankee Stadium, New York, Oct. 2.—(P)—With two Georgia boys, Whitlow Wyatt and Spud Chandler, opposing each other on the mound the Brooklyn Dodgers and New York Yankees tangled again today in the second game of the World Series before a crowd of about 60,000.

The weather was ideal, sunny and warm, but not hot, and the fans were looking forward expectantly to another clash tighter, if possible, than the opening encounter which the Yankees captured yesterday 3 to 2. Wyatt was the leading pitcher of the National League with 22 victories, including seven shutouts, and was one of the senior circuit's standouts in the midsummer all-star game.

In his strong right arm were held the hopes of all the Dodgers fans for success in the series. Already one down, the Dodgers needed desperately to win today.

In the right-handed Chandler they had to face one of the hottest hurlers in either major league during the closing days of the season. After the middle of June he won nine out of ten games and pitched four shutouts. He also had one of the lowest earned run averages in the American League.

His record for the season was ten won and four lost.

The lineup:

Dodgers—Walker, rf; Herman, 2b; Reiser, cf; Camilli, 1b; Medwick, lf; Lavagetto, 3b; Reese, ss; Owen, c; Wyatt, p.

Yankees—Sturm, 1b; Rolfe, 3b; Hendrix, rf; DiMaggio, cf; Keller, lf; Dickey, c; Gordon, 2b; Rizzuto, ss; Chandler, p.

Umpires—At the plate, Pinelli (National League); at first base, Grieve (American League); at second base, Goetz (National League); at third base, McGowan (American League).

A few minutes before game time the field was cleared of reporters, photographers and others who had clustered around the dugouts and home plate and, while groundkeepers dragged the basepaths, Wyatt and Chandler warmed up in front of the box seats.

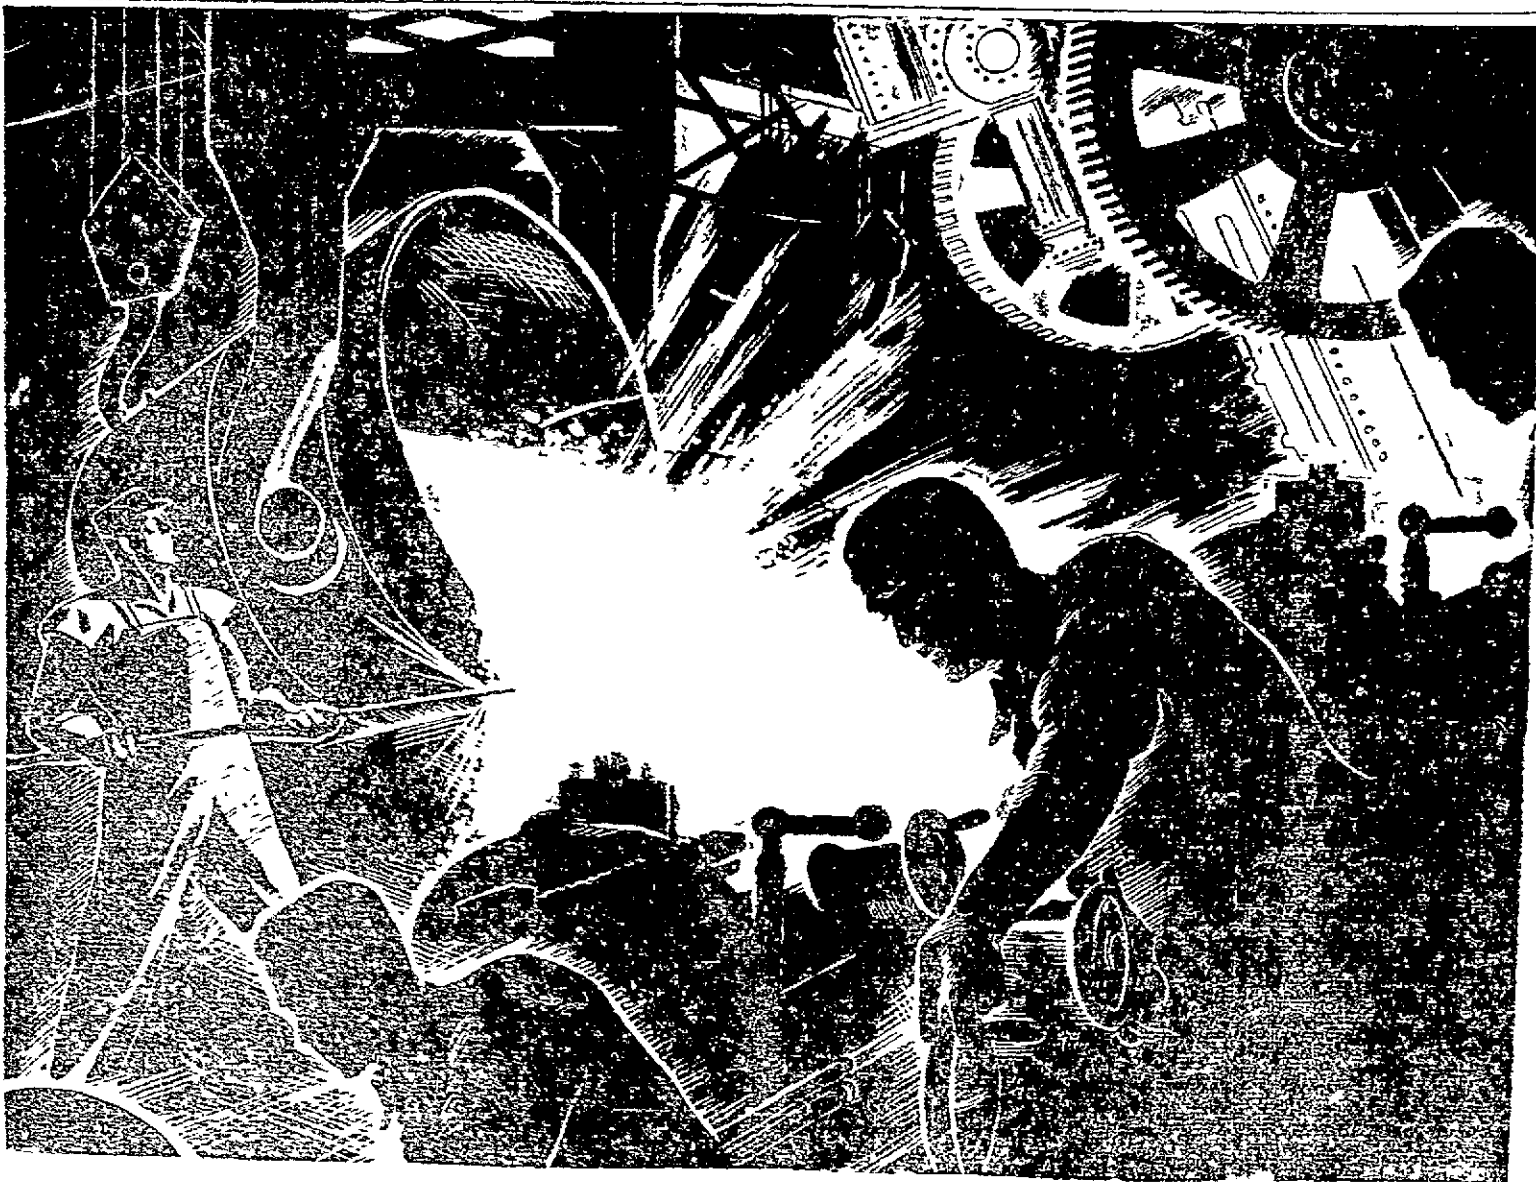

The crowd was still filing into the vacant seats of the reserved section of the grandstand and the general admission seats appeared virtually filled.

The band played "The Star-Spangled Banner" while the flag was raised on the center field pole.

Both Wyatt and Chandler became 32 years old during the past month and both are big, stout right-handers with fast balls that crackle.

Wyatt won 22 games while losing 10.

Preliminary Plans For Red Cross Roll Call in County Being Made

As Allan S. Jackson, general chairman of American Red Cross 1941 Roll Call for Warren county, held his initial meeting Tuesday afternoon mapping preliminary details for the coming campaign here, representatives of the 111 Red Cross chapters of Pennsylvania were attending three regional conferences at Pittsburgh. State College and Coraopolis, planning "all out" civilian defense aid and the greatest membership Roll Call in history as objectives.

Red Cross memberships this fall must be doubled or more in order to conduct the Red Cross defense services as well as at the same time maintaining the normal Red Cross work being continued all along the home front. Pennsylvania's Red Cross membership total for last year was 737,676, an increase of 149,776 over the previous year. Warren county's Red Cross workers enter the coming annual Warren county Red Cross Roll Call with high enthusiasm, hoping to exceed the minimum goal of 7,000 members by many thousands for Warren county.

Through its congressional charter, the Red Cross acts as the link between men in the military forces and their families back home. Aided by 800 Red Cross field directors and staff members stationed at military and naval stations and hospitals, local chapter homes and service workers are prepared to aid the Army this fall by investigating from 25,000 to 40,000 applications for discharge from military service. This increase in Red Cross home service work, and the vast expansion in all the Red Cross aid to the nation's armed forces are only two of the problems to be met over the coming months.

Plans will also be made for coordinating efforts of the American Red Cross and Office of Civilian Defense in protecting the nation's civilian population is the event of an emergency. In this connection Red Cross undertakes the largest program of training in its history. As part of the national defense program, Pennsylvania Chapters are already training thousands of volunteers in first aid, nurses, aides service, home nursing, can teen, disaster relief and many volunteer services traditionally conducted by the American Red Cross. A number of these programs are already in progress in Warren County.

In 1941 a total of nearly 81 million hours of work were contributed by Red Cross volunteers in the United States. Of this number Pennsylvania Red Cross volunteers gave 6,974,832 hours. Production volunteers in Pennsylvania Chapters made 350,923 garments, 2,994,500 surgical dressings, and 637,703 layettes.

Detailed announcements will shortly be forthcoming concerning the 1941 Warren County Red Cross enrollment plans, and the personnel of the various committees who will conduct this year's history-making roll-call.

DISTRICT HOME ECONOMICS HEAD STARTS DUTIES

Miss Aileen M. Schure recently appointed as county home economics education adviser for Warren, Elk, Forest and McKean counties, with headquarters here yesterday started her new duties. She succeeds Mrs. Helen Ransom Frank.

Miss Schure, whose home is in Milton, will teach classes in Russell, Lander, Lottsville, Columbus and Kinzua. In addition, she will supervise home economics work in Youngsville Sugar Grove, Sherrin and Tidoute. Her work in Elk, Forest and McKean counties will be of an advisory nature.

The new home economics head was appointed by the State Department of Public Instruction following her approval by the Warren County Board of School Directors.

Miss Schure is a graduate of Pennsylvania State College in the Class of 1928 and was one of four from her class to be selected to attend the Merrill-Palmer School in Detroit. She has previously taught at the Northumberland Junior-Senior High School.

RUSSELL PUPILS ARE ATTENDING BAND MEETING

Two students of Russell High School, Lorna Ramsdell and Bonnie Walker, are to be members of the all-district school band which will be featured at the meeting of the northwest district P. S. E. A. to be held at Strong Vincent High School in Erie on October 17, it was announced today.

The two musicians accompanied by Melvin Bennett, music supervisor in the Russell school, were in Meadville today to participate in the first rehearsal of the all-district band. One other rehearsal will be held before the October 17 concert.

At Erie the musicians will have the opportunity of playing under the direction of Dr. George S. Howard of Pennsylvania State College.

FIRST TO REPORT

Tidoute is the first community to report its organization complete for the Warren county Girl Scout campaign. It was announced today at the local Girl Scout office. Mrs. Ralph Whiting and Mrs. Ardelle White, who head the team workers there have notified Mrs. A. C. Jackson, general chairman, that their team is ready to start its solicitations.

FATHER-SON BANQUET

The Brotherhood of the First Lutheran church will hold a father and son banquet on Monday evening, October 13, at 6:15 o'clock. It was announced today. Fred J. Scholt, superintendent of the Castanea Paper Company at Johnstown, and a prominent layman in the Lutheran church, will be the guest speaker. Lloyd Rapp is chairman of the ticket committee. Tickets for the banquet already are available. It is announced.

ASSEMBLY PROGRAM

Warren High School students enjoyed a 25-minute assembly program Wednesday afternoon. Leon Christiansen announced the opening meeting of the Hi-Y Club. June Hunzinger announced the program for the day, which included a monologue entitled, "Am I Clean," by Malcolm Young, and a dialogue entitled, "A Slight Misunderstanding," by Beverly Miley and Richard Rapp. The program was then taken over and concluded by the cheerleaders.

CAUSE UNKNOWN

The cause of an explosion of nitro-glycerine and dynamite September 19 on the Warren-Bradford road near Marshburg in which two men were killed remains unknown, a coroner's jury at Bradford reported yesterday. The victims were John Gloss, 24, driver of the truck, and Clifford Martin, 46, who was riding in an automobile following the truck. Clarendon Streeter, Bradford oil producer, who was driving the car, is recovering from serious injuries.

BLACK & WHITE TWEEDS

NO MORE WHEN THESE ARE GONE!

No more at this price, certainly! It took a very special purchase, planned months ago, to get them at all. And now, with costs way up, we can't begin to touch tweeds like these at dollars more! So step lively. Fashion-wise girls all over the country are talking about spicy salt-and-pepper tweeds. "They're so clean cut and colorful," "Give me a classic tweed any day for wear and looks!" Although we lean to the black-and-whites, we've tweeds in other colors, too, in many wonderful mixtures. Some are 100% new wool. Others are wool with rayon or cotton. Sizes 12 to 20.

CARELESSNESS IN HANDLING GASOLINE

and kerosene, sparks on wood shingle roofs and unnecessary accumulation of rubbish in attics, closets and basements.

That final fire hazard suggests a home theme for October 5-11. Take inventory. Destroy old papers, greasy rags, oily containers and all useless items just as thoroughly as you rip threatening weeds from the garden. Weeds are a garden hazard, but accumulated rubbish threatens your property—perhaps even your life. At the same time, inspect all electrical equipment.

So Fire Prevention Week, 1941, finds the United States all-out for fire defense on all home fronts, and observance of the occasion will penetrate more deeply into the national life than any similar observance in the past.

Preliminary Plans For Red Cross Roll Call in County Being Made

As Allan S. Jackson, general
chairman of American Red Cross
1941 Roll Call for Warren county,
held his initial meeting Tuesday
afternoon mapping preliminary de-
tails for the coming campaign
here, representatives of the 111
Red Cross chapters of Pennsylvania
were attending three regional
conferences at Pittsburgh. State
College and Cresco, planning "all
out" civilian defense aid and the
greatest membership Roll Call in
history as objectives.

Red Cross memberships this fall
must be doubled or more in order
to conduct the Red Cross defense
services as well as at the same
time maintaining the normal Red
Cross work being continued all
along the home front. Pennsylvania's
Red Cross membership total
for last year was 737,676, an in-
crease of 149,776 over the previous
year. Warren county's Red Cross
workers enter the coming annual
Warren county Red Cross Roll Call
with high enthusiasm, hoping to
exceed the minimum goal of 7,000
members by many thousands for
Warren county.

Through its congressional char-
ter, the Red Cross acts as the link
between men in the military forces
and their families back home.
Aided by 800 Red Cross field di-
rectors and staff members station-
ed at military and naval stations
and hospitals, local chapter home
service workers are prepared to
aid the Army this fall by investi-
gating from 25,000 to 40,000 ap-
plications for discharge from mili-
tary service. This increase in Red
Cross home service work, and the
vast expansion in all the Red Cross
aid to the nation's armed forces
are only two of the problems to
be met over the coming months.

Plans will also be made for co-
ordinating efforts of the American
Red Cross and Office of Civilian
Defense in protecting the nation's
civilian population is the event of
an emergency. In this connection
Red Cross undertakes the largest
program of training in its history.
As part of the national defense
program Pennsylvania Chapters
are already training thousands of
volunteers in first aid, nurses'
aides service, home nursing, can-
teen, disaster relief and many vol-
unteer services traditionally con-
ducted by the American Red Cross.
A number of these programs are
already in progress in Warren
County.

In 1941 a total of nearly 81 mil-
lion hours of work were contrib-
uted by Red Cross volunteers in the
United States. Of this number
Pennsylvania Red Cross volun-
teers gave 6,974,832 hours. Pro-
duction volunteers in Pennsylvania
Chapters made 350,923 gar-
ments, 2,994,500 surgical dressings,
and 637,703 layettes.

Detailed announcements will
shortly be forthcoming concerning
the 1941 Warren County Red
Cross enrollment plans, and the
personnel of the various com-
mittees who will conduct this year's
history-making roll-call.

DISTRICT HOME ECONOMICS HEAD STARTS DUTIES

Miss Arlene M. Schure, re-
cently appointed as county home
economics education adviser for
Warren, Elk, Forest and McKean
counties, with headquarters here,
yesterday started her new duties.
She succeeds Mrs. Helen Ran-
son Frank.

Miss Schure, whose home is in
Milton, will teach classes in Rus-
sell, Lander, Lottsville, Columbus
and Kinzua. In addition, she will
supervise home economics work
in Youngville, Sugar Grove, Shef-
field and Tidoute. Her work in
Elk, Forest and McKean counties
will be of an advisory nature.

The new home economics head
was appointed by the State De-
partment of Public Instruction fol-
lowing her approval by the War-
ren County Board of School Direct-
ors.

Miss Schure is a graduate of
Pennsylvania State College in the
Class of 1938 and was one of four
from her class to be selected to at-
tend the Merrill-Palmer School in
Detroit. She has previously taught
at the Northumberland Junior-
Senior High School.

RUSSELL PUPILS ARE ATTENDING BAND MEETING

Two students of Russell High
School, Lorna Ramsdell and Bon-
nie Walker, are to be members of
the all-district school band, which
will be featured at the meeting of
the northwest district P. S. E. A.,
to be held at Strong Vincent High
School in Erie on October 17, it
was announced today.

The two musicians, accompanied
by Melvin Bennett, music super-
visor in the Russell school, were in
Meadville today to participate in
the first rehearsal of the all-dis-
trict band. One other rehearsal
will be held before the October 17
concert.

At Erie the musicians will have
the opportunity of playing under
the direction of Dr. George S.
Howard, of Pennsylvania State
College.

Plans For Fire Protection Week, Oct. 5 to 11, Prompt Mrs. Brakenridge to Urge Inventory of Hazards

Dear Friends in Warren:
"Fire defense for national defense" is the theme for this year's Fire Prevention Week, to be observed throughout the country October 5 through 11.
Fire safety takes on added importance at this time for not only is it necessary to eliminate the losses and interruptions of production caused by fire, but it is a vital part of the civil protection program of the Office of Civilian Defense of which New York City's Mayor Fiorello H. La Guardia is director.

"We are becoming a nation armed against fire," declares T. Alfred Fleming, chairman of the Fire Prevention Week committee of the National Fire Protection Association, leader in this annual crusade against fire losses. Mr. Fleming issued this public appeal to the nation:

"We must protect our homes, our industries, our military establishments and all of our people from fire—no matter if it occurs from ordinary causes, from sabotage, or as the result of air invasion. Each of us must become a fire warden to help safeguard the destiny of our country."

The fire services of many of our cities, towns and rural areas already are intensifying their own training programs and taking on the added task of enlisting and training auxiliaries. In industrial plants and institutions more and more workers are being trained to use fire hose, fire extinguishers and other protective equipment.

Rural fire districts are expanding their protective resources to protect forests, crops and food processing and storage plants. Records show that women are volunteering as promptly as men on the list of urban householders lined up to offer emergency fire services to protect their individual homes and communities from conflagrations that are the target of incendiary bombing.

Analysts are convinced that the present type of total warfare is largely a war using fire as the weapon. The modern bombing plane can carry between 1,000 and 2,000 incendiary bombs. It is much more dangerous to be a fireman in England than a soldier or sailor. The London Fire Brigade now can handle 400 fires simultaneously. It has increased its number of men to ten times its former force, and its amount of apparatus by twenty times.

The increasing concern about fire hazards, coupled with the approaching Fire Prevention Week, has prompted a review of official statistics on national fire loss. The fire loss in the United States during the last twenty-five years amounts to nearly \$10,000,000,000, with an annual average of about \$400,000,000. The loss for 1940 was slightly under \$300,000,000.

Since 1900 about 400,000 people have lost their lives by fire in the United States. In the last twenty-five years, more Americans were burned to death than fell in the World War and the Civil War. The property loss from fire in just the last ten years would provide more than a billion dollars to expand the navy to the point of unchallenged supremacy in either ocean, allow another billion dollars for 10,000 military planes and leave a third billion to modernize the army.

We have about 700,000 fires a year in the United States. But here is a more significant figure: About 400,000 of these fires occur in homes. A home fire occurs somewhere in the United States every minute and a half, on the average. About once every fifty minutes some person is burned to death in a fire.

The principal causes are well-known and easily understood. They are: Carelessness with cigarettes and matches, defective or overheated chimneys and flues, misuse of electrical equipment.

carelessness in handling gasoline and kerosene, sparks on wood shingle roofs and unnecessary accumulation of rubbish in attics, closets and basements.
That final fire hazard suggests a home theme for October 5-11. Take inventory. Destroy old papers, greasy rags, oily containers and all useless items just as thoroughly as you rip threatening weeds from the garden. Weeds are a garden hazard, but accumulated rubbish threatens your property—perhaps even your life. At the same time, inspect all electrical equipment.
So Fire Prevention Week, 1941, finds the United States all-out for fire defense on all home fronts, and observance of the occasion will penetrate more deeply into the national life than any similar observance in the past.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 5 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or constant passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They are a sure relief and will help the 15 million of kidney troubles flush out poisonous waste from your blood. Get Doan's Pills.

had been pulled from a 39-foot rail and bolts were removed from splice bars. Investigators found a claw bar and a wrench at the scene and expressed belief that only a railroad worker or a former railroad man could have done the work.

Eighteen minutes before the Buckeye plowed from the tracks and plunged into the Ohio river, paralleling the railroad, the Manhattan Limited roared past. Several soldiers and a delegation of Russian engineers and diplomats, enroute to Washington, were aboard the Manhattan.

Police Chief Frank Whelan said the man apprehended in Milwaukee was released from Western Penitentiary shortly before the wreck occurred and left Conway soon after the wreck.

Kidnap Suspect Suicides

ter junior high school there in 1933 and went to the south, later writing for recommendations to submit to southern school boards. They described Bickle, who also had coached basketball at Goranopolis (Pa.) high school and taught at Brookville (Pa.) high school, as a "likable mild mannered fellow." He attended Gettysburg and Muskingum colleges.

In New York, a woman identifying herself as Mrs. Horace Bickle said her husband, a former Pittsburgh school teacher, left for Georgia a month ago after spending a short time in New York.

Captain Murphy said a sheet of paper, printed on both sides in pencil and found in the trailer, appeared to be a rough draft of would-be kidnap note. He said the dead man apparently intended to force Rivers to sign it and send it to a friend while he was held under a threat of death. Murphy quoted it saying "detailed directions" would be sent within 48 hours.

Two or three lengths of heavy cord were left behind in the Rivers home. Mrs. Rivers reported an angle which the officer interpreted as adding strength to the kidnap theory.

Murphy said a strangely worded note found in the man's possession suggested that he planned to attribute his action to political reasons. It affirmed, he said, that the man had no design against Rivers' life and his purpose was not robbery.

The intruder gained access to the Rivers' home, Mrs. Rivers said, by representing himself as an agent of the federal communications commission. Since returning to his law practice last January after two terms as governor, Rivers also has been operating a radio station at Valdosta.

In New York an employee of the apartment house where Mrs. Bickle lived reported that she had checked out early this morning, saying she intended to go to Georgia at once.

Earlier she had said: "We came to New York five weeks ago. Four weeks ago he (her husband) said he had obtained a post with the America First Committee and was going to Georgia to do some publicity work. He was a very patriotic man and had a most gentle disposition."

The New York office of America First said it had no record of Bickle.

URGES WAR DECLARATION

Bryn Mawr, Pa., Oct. 2—Dr. Marion Edwards Park, president of Bryn Mawr College, told 600 students at opening of the institution's 57th academic year that "it is ready to ask that the government should immediately and finally abandon its non-belligerency, whether by abrogating the neutrality act, breaking off diplomatic relations with Germany or declaring war."

tions in Bohemia-Moravia was aimed at preparing the German-controlled country for the transfer of Germany's heavy industries from bomb-scarred Hamburg, Bremen and Ruhr valley industrial cities.

Forty-two persons were reported executed in the Banat—the Hungarian-occupied part of former Yugoslavia—where German military authorities still exercise considerable control on charges of attempted train wrecking and killing.

Thirty were shot for an alleged plot to assassinate officials. The other 12, described as Communist prisoners, were hanged in public by order of German military authorities in reprisal for a train-wrecking conspiracy.

German officials were reported to have announced that 33 Communists in Hungary's Nagyhegyerek prison would be hanged publicly in the event of further violence, and the civil population was held responsible for guarding railways from dusk to dawn from now until Oct. 11.

In the German protectorate of Bohemia-Moravia (former Czechoslovakia), the execution of two retired brigadier generals and several other unidentified Czechs raised to

**Betty Delores Brown
And Kenneth E. Taft
Married in Jamestown**

Miss Betty Delores Brown, daughter of Mrs. Ruth Brown, of Jamestown, N. Y., and Kenneth Edward Taft, son of Mr. and Mrs. Harry L. Taft, 20 Swiss street, this city, were united in marriage at the Westminster Presbyterian church in Jamestown on Sunday afternoon at three o'clock, with the Rev. James G. Miller officiating.

A short organ recital before the ceremony and appropriate wedding music was played by Mrs. A. Minick, of Jamestown. The church was decorated with palms, baskets of gladioli and white candles.

The bride wore blue silver corduroy with burnt spice accessories. She also wore a string of pearls, a gift from her grandmother, and a corsage of gardenias and roses.

Miss Betty Breneman, of Youngsville, her maid of honor, wore black with blue accessories and a corsage of pompons and tea roses. Herbert L. Dickerson, of Warren, was best man and usher were Charles Brown, of Jamestown, and Gilbert Taft, of Warren.

Mrs. Brown, mother of the bride, wore brown with soldier blue accessories, while Mrs. Taft, mother of the bridegroom, wore black with velvet accessories.

The wedding reception was held at the home of the bride's mother with about sixty guests in attendance. Mr. and Mrs. Taft left for a wedding trip to Washington, D. C. and other points of interest. For traveling, the bride chose a brown lightweight wool and beige suit. Upon their return, they will reside in Warren.

The bride is a graduate of Jamestown High School and was employed at Gretchen's Kitchen in Jamestown. Mr. Taft is a graduate of Warren High School and is employed at the Motor Lighthouse. Guests from Jamestown, Frewsburg, Buffalo, Youngsville and Warren attended the wedding and reception.

While the population of the United States itself increased seven percent between 1930 and 1940, that of Hawaii jumped nearly 15 percent. Between 1900 and the present Hawaii's population has increased approximately 2 1/2 times, according to the Census.

P. T. A. News

CHANDLERS VALLEY UNIT
The first fall meeting of the Chandlers Valley P. T. A. was held in the school building Tuesday evening with a good attendance. Mrs. Edward Hansen, the president, was in charge and the Rev. J. L. Maneval conducted the devotions.

During the business session Mrs. Ernest Hultberg and Mrs. Martin Lundberg were appointed delegates to attend the district conference in Warren on Friday. It was decided to adopt a plan suggested by the Hot Lunch Committee that a warm dish be served in the school two days each week, starting in October. It is hoped to obtain a woman to help prepare and serve the food in addition to the mothers of the children, each of whom will serve once during the term. It was also decided to serve refreshments at the monthly meetings of the P. T. A.

The following program was presented: Song, "Whispering Hope"; solo, "Morning On the Farm"; Mary Lou Hoy; moving pictures taken at Niagara Falls, Thousand Island, Canada, Youngsville fair and Mr. Meade's flower garden, shown by Mrs. A. A. Grant, song, "Till Reveille." Max Hoy, song, "What Are the Glad Bells Ringing." Maxine, Audrey, Mary Lou, Jack and Benny Hoy, accompanied by Mrs. Hoy.

Refreshments were served by Mrs. Berdina Abby, Mrs. B. Nelson, Mrs. Ristau and Mrs. Nora Peterson.

STARBUCK UNIT
The Starbuck P. T. A. held its October meeting in the schoolhouse on Wednesday evening. The meeting was opened by singing "Home on the Range".

Mrs. A. McCann and Mrs. M. Smith were elected delegates to the Northwest District Conference at Warren, October 2. Mrs. H. Jackson is to serve on the hospitality committee.

After the business meeting which was closed by singing "The Battle Cry of Freedom," a scotch-anger hunt was enjoyed by all. To conclude the evening, lunch was served by the refreshment committee.

EXOTIC TREES ARE FEATURED IN ARBORETUM

Harrisburg, Oct. 1.—Some of the largest exotic trees in Pennsylvania, which have been secured from other states and countries, are found growing in and near the John J. Tyler Arboretum, located in Delaware county, according to Deputy Secretary Chas. E. Baer, of the Department of Forests and Waters.

The planting of rare exotic trees and shrubs in this area was started in 1825 by two brothers, Minshall and Jacob Painter, and until recently this beautiful four-acre tract was known as Painters' Arboretum.

A huge Cedar of Lebanon, immortalized in Scripture, is found growing on these grounds. This exotic tree is believed to be one of the largest of its kind in the United States, has a diameter of four and one-half feet near the ground, a height of 65 feet and a branch spread of over 55 feet. The trunk forks into many stems.

An extremely large specimen of English yew has a circular spread of 44 feet and is 16 feet in height. One of the most widely discussed trees in the state is the California Big Tree which stands on the top of the hill east of the Arboretum.

This tree is considered to be the largest of its kind in eastern North America. Big Trees or Sequoias growing in their native habitats sometimes obtain a diameter of 30 feet and over 4,000 years in age. The specimen on the Tyler property is less than 100 years old and at present is 45 feet in height with a diameter of 28 inches at four and one-half feet from the ground. The diameter at ground level is 42 inches. The trunk of the tree forks into two stems of similar size at 22 feet from the ground. Although the tree appears to be in a thriving condition at the present time, its growth has been retarded by lightning damage.

Permission to visit the Arboretum may be obtained from Lewis Stearns, 1222 Real Estate Trust Building, Philadelphia, Pennsylvania. The Arboretum can be reached by driving one mile from Lima on the Barren Road and turning left on the Painter Road for a distance of one mile.

STATEMENT OF THE OWNER-SHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF MARCH 3, 1933.

Warren Times-Mirror
Published daily at Warren, Pennsylvania, for October 1, 1941.
State of Pennsylvania,
County of Warren, ss:
Before me, a Notary Public in and for the State and County aforesaid, personally appeared W. A. Walker, who, having been duly sworn according to law, deposes and says that he is the Publisher of the Warren Times-Mirror and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation) etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 431, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher—W. A. Walker, Warren, Pa.
Editor—Ed C. Lowrey
Business Manager—W. A. Walker

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

Times Pub. Co., Inc.
S. E. Walker Estate, W. A. Walker, N. G. Walker, all of Warren, Pa.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are: (If there are none, so state.)—None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given also; that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders hold their stock and securities in a capacity other than that of bona fide owners; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding date shown above is 8055.

VARIED COLORS OF TREE LEAVES ARE EXPLAINED

Harrisburg, Oct. 1.—The chemical process that brings about the various leaf colors of deciduous trees and shrubs in autumn is so complicated that foresters and chemists have not been able to completely solve this marvelous transformation.

Research Forester Albert B. Mickalitis, of the Department of Forests and Waters, states that the change is chiefly due to the ripening of leaves which results in breaking up the green colored matter known as chlorophyll. Frost may hasten the action to a considerable extent but it does not produce the brilliant colors. Abnormal weather conditions, excessive mechanical or insect injury or attacks by diseases may hinder the formation of chlorophyll and cause premature changes in the color of leaves. Commercial nurseries have developed a number of tree and shrub varieties which produce colored leaves throughout the entire growing season.

In the fall deciduous trees and shrubs prepare to drop their leaves because they cannot withstand the vigorous winter and even if they could it would be injurious to the plants if retained. This preparation on the part of plants for the winter months consists of a growth of cork-like cells at the base of the petiole or leaf stem. These cells close the pathway by which food and materials are transported to and from the leaf. The chlorophyll is slowly broken up and a yellow coloring matter may show through the thin skin of the leaf. A red pigment is manufactured by some plants having been produced from sugar, and other products, as a result of bright light at low temperatures. In some plants the presence or absence of these pigments and other chemicals such as tannin, nitrogen compounds, phosphoric acid or starch, are responsible for the transformation.

The autumn coloration of forest tree leaves is very noticeable in the northern part of the state, particularly on state forest lands in Potter, Cameron, Tioga and Chilton counties.

Voting For Your Child Or That of a Friend

(From Page One)
The two beautiful prize loving cups to be awarded the baby boy or girl polling the most votes; the title of "Favorite" that goes to the winning baby; and last, but not least, the \$500 cash awarded gets their share of attention too.

Ballots come in with every mail. A voting blank is printed in each issue of The Times-Mirror good for a substantial number of votes. These may be clipped from the paper and voted for any child at any time before the expiration date, printed upon it. Each cash purchase or payment on account of 50 cents made at the stores of merchants who are assisting in this popular enterprise, gives the fair nominee a real boost towards the goal. Relatives, friends and just acquaintances may ask for these coupons and vote them for any child they choose. Just place them in the ballot box at election headquarters, 238 Pa. Ave., West, after writing the child's name plainly upon the coupon the campaign editor will do the rest.

Looking over the full page advertisement which appears once each week, one will find a wide variety to be had at stores of the various co-operating merchants. Be certain to request baby votes when making purchases at these.

It took a 25-pound keg of white lead to paint one letter in a large sign which covers the back of a race track grandstand at Ceredo, W. Va. The sign can easily be read from the neighboring state of Ohio.

WATERS CARRY SOIL

Farmers along the mouth of the Mississippi raise cotton on top soil from Iowa and other northern states. The soil is carried down and deposited by the flood waters of the river.

"It's amazin' how fast my JELLY DOUGHNUTS disappear"—says Aunt Jenny

So tender, light and tasty made the Spry FULL FLAVOR way

My husband, Calvin, calls 'em an 'I don't wonder' 'The tart-sweet tang of the jelly blends to perfection with the delicate taste of the doughnuts. Ordinary shortens may 'smother' flavor but pure Spry lets you get the FULL deliciousness. Why not make some today?"

Jelly Doughnuts
2 cups compressed yeast
1 cup lukewarm water
1 teaspoon sugar
1/2 cup Spry
1 1/2 teaspoons salt
1 cup sugar
1 cup scalded milk
1 egg, beaten
4 cups sifted all-purpose flour
Jelly

Crumble yeast into small bowl. Add lukewarm water and 1 teaspoon sugar and set in warm place until it becomes light and spongy (about 15 minutes). Combine Spry, salt and sugar in large bowl and add scalded milk. Stir until Spry is melted, then cool until lukewarm. Add yeast mixture and blend. Add egg and mix well. Add flour and knead to a smooth dough.

Cover and let rise until double in bulk (about 2 hours). Form into balls 1-inch in diameter. Let rise in warm place until light, about 45 minutes. Fry in deep hot Spry (350° F.) until brown. (A square of bread turned light brown in 1 minute. Turn Spry fries without unpleasant smell or smoke.) Drain. When cool, cut a hole and insert about 1 teaspoon jelly. Makes 1 dozen.

THE FLAVOR SAVER

HURT IN CRASH
Latrobe, Pa., Oct. 2.—(P)—Robert Nesbit, 30, of Ligonier, was reported in critical condition today in Latrobe Hospital, suffering with a fractured skull and other injuries suffered last night when his car struck a truck on the Lincoln highway. Nesbit's car went over a 30-foot embankment.

Alcohol blended with gasoline makes a satisfactory fuel for automobiles, the Bureau of Standards, Department of Commerce, says, but is too expensive for practical use.

INVOKE DRASTIC QUARANTINE
Mars, Pa., Oct. 2.—(P)—Because three cases of infantile paralysis have been reported near this Butler county Community all public meeting places, including churches and schools, were ordered closed yesterday by Dr. L. H. Stepp, president of the board of health. Gathering of persons on streets also was prohibited. Dr. Stepp said the move, which was authorized by the town council, was only a precautionary measure. The ban will continue until Oct. 13.

FORM EXPLORER SCOUT TROOP AT GRACE CHURCH

Plane Plant Queen Really Isn't Plain

Prettiest girl in southern California aircraft industries is Alice Carmichael, according to Hollywood scouts who made selection. Alice, 20, is an office worker for North American.

The organization of Explorer Scout Troop No. 2 was announced today by local Scout officials. It is being sponsored by the MacCurdy Bible class of the Grace Methodist church of which Howard Smith is president. Organization of the Senior Scout troop gives the honor to the Grace Methodist church of being the first church in recent years in Warren county of having two Scout troops.

The Explorer Scout program is designed for Scouts over 15 years of age and provides a challenging field of high adventure for older boys and young men. In order to become an Explorer Scout it is necessary to be voted into the troop or patrol by its members, and undergo a period of probation of not less than sixty days, during which time the Scout is under constant observation by the group which he seeks to join.

Upon being voted into the Explorer Scout program the Scout has an opportunity to earn "first honors" by reporting in writing on the life of an outstanding explorer, statesman, scientist, or inventor, presenting an article of Scout equipment prescribed by his fellow members of the Explorer patrol, presenting to his Scoutmaster a plan of pursuing some field of vocational study and as evidence show that he has earned merit badges at least five in number in some particular field such as architecture, engineering, art, science, outdoor work, education, etc. He must take part in the official activities and outdoor expeditions of his Patrol and on at least one of them must assume leadership responsibility.

His last requirement for "first honors" is to present a written code of conduct that he devises himself and shows that he is earnestly attempting to practice it. He is then eligible to earn "second honors" as an Explorer Scout, which includes additional vocational exploration, a period of six months service as a "first honor" member of Explorer Scouts, take part in three official expeditions sponsored by the Explorer Scouts, present a program of personal growth showing books he plans to read and has read in the past six months, and a list of outstanding men with whom he has conferred regarding the development of a life plan, and present for review the code of conduct presented for "first honors" making such changes as he felt necessary in

view of his increased experience. After he has attained these honors he may work for additional Senior Scout titles which include Scout Citizen, Scout Artist, Scout Engineer, Scout Scientist, etc. In order to qualify for a "title" he must pass at least five merit badges in the field which the "title" covers and discuss the contents of the particular field with an outstanding man who is earning his livelihood in it. Paul J. Reynolds is acting as Scoutmaster of the new Explorer troop and its members consist of Harold Carlson, Martin Carlson, Leon Christiansen, Paul Eaton, Gordon Hanks, Craig Retterer, William Stone and Gail Barker.

"I hope these folks know about KRESGE'S"

"There are SO MANY THINGS a baby needs but most baby budgets will cover them ALL at Kresge's LOWER PRICES. I'm in for a spell of wet weather and I'll want lots and lots of diapers and dry things. Well—let's see if I'm lucky!"

Unm—I made it! My wardrobe is perfect and it's from Kresge's—smart folks, mind! Look at this pillow—these soft blankets—and "Snuggin'" blanket fasteners—and you should see the things in my drawer! Everything a baby could want!

Kresge's makes a bath more fun! Their knit wash cloths and towels are so soft. When I get out I slip on a snug Kresge shirt and then get into my little flannelette wrapper. I got a Kresge gift the other day, my own Comb and Brush set!

Here it is breakfast time! How do you like my little Kresge robe? It's pink. Mother said I shouldn't have this "Kik-Kik" toy when I'm eating but she gave in! I think I'll push my plate on the floor! It's from Kresge's you know and you break—but you should see the excitement!

I'm getting older you see—in shoes already. Kresge's have three kinds of shoes—those for little bitty babies—shoes to learn to walk in and shoes like mine for big girls. This dress only cost 69¢ at Kresge's! Surprised? And you ought to see the 2 pairs of knit panties mother got me for just 25¢!

Here's a friend of mine. He's almost 4. His folks just began buying at Kresge's and now he has lots more things than when they paid fancy prices. He's been bragging about his new Kresge polo shirt and corduroy overalls but I think my little sweater (Kresge's calls it a "Cardigan") is prettier.

We both got our snow suits at Kresge's. Mother said everybody else wanted lots more than \$3.49. His is brown; mine is blue. We both got caps, too, with our suits! I don't care how cold it gets! Kresge's has lots of warm clothes I can wear.

'Valley Of Death' Once Again

When one thinks of Russia's Crimea his mind dwells automatically on Czar Nicholas I. Florence Nightingale, and Alfred Lord Tennyson. Comes now Adolf Hitler to emblazon his name on the peninsula's history books.

The armed forces of Germany want the Crimea because it menaces the flank of the great Nazi army striking eastward toward the Russian Caucasus. They want it, too, so that Russia may be deprived of its big naval base at Sevastopol, city of 80,000.

The Crimean peninsula, size of Vermont, is good ground for winter fighting—its mild climate has

given it the name Russian Riviera. Three mountain ranges form a windbreak on its southeastern coast; flat steppes down largely in wheat, take up three-fourths of its area. Inland Simferopol is the capital.

Russian armies, seeking to extend Czar Nicholas' influence into Turkey, battled British, French and Ottoman forces in the Crimea for three years, 1854 to 1856. Fall of Sevastopol to the Allied army ended the conflict, remembered today because of Nurse Nightingale's heroism, Tennyson's immortal "Charge of the Light Brigade."

Record Gains in Employment In Area Reported by Reserve Bank

Cleveland, Oct. 2.—(AP)—The Federal Reserve Bank in its monthly business review today reported new record gains in manufacturing employment during the summer and payroll advances which surpassed the employment gains.

In its review covering the Fourth U. S. banking district which embraces western Pennsylvania, the federal bank said:

"Peak operations were maintained in the majority of the fourth district industries throughout the summer. Manufacturing employment was expanded steadily in successive new record levels. The payroll advance was attributed to a combination of increased wage rates and the payment for overtime.

Augmented individual purchasing power, the bank reported, stimulated consumer buying of all types of goods and resulted in contra-seasonally large department store sales, record new automobile registrations, home building and the purchase of houses offered for sale.

While the report found that defense requirements made it increasingly difficult to secure raw materials for civilian articles, it noted few complete suspensions of manufacture.

What the bank termed "priorities unemployment" was disclosed in some steel manufacturing fields where employees in finishing mill departments have been laid off temporarily because less raw steel is available. The shortage was attributable the bank said, to large orders for semi-finished products.

The backlog originated in England.

Pontiac gives you new models

with 15 improvements over last year's great success!

PRESENTING 10 Great New Pontiacs for 1942

WITH THE THINGS YOU'VE ALWAYS LIKED and 15 new ones too!

A MIGHTY pleasant surprise awaits you when you see and drive the new 1942 Pontiacs. With their greater beauty, their improved riding comfort, increased over-all length and weight—without sacrifice of Pontiac's famous gas and oil economy—they are indeed Pontiac's greatest quality achievement.

But—most important of all—all the vital parts of Pontiac's great engines—bearings, pistons, connecting rods, and many others—are exactly the same as those which have built Pontiac's nationwide reputation for long life.

See these new models today. And don't forget—Pontiac is still priced just above the lowest!

How Pontiac is Helping America Prepare

Pontiac's part in National Defense is the production of rapid-fire cannon for the U. S. Navy. To speed this important task, Pontiac has two ordinance plants—one in operation and one under construction—manned by thousands of skilled craftsmen working night and day building this cannon which naval authorities say is "the most effective weapon of its size ever produced." Pontiac may build fewer cars, but our part in National Defense will never be neglected.

BY GAYLE TALBOT

New York, Oct. 2.—(AP)—Beaten to the first punch and already looking a little groggy, the Brooklyn Dodgers placed all their trust in big Whitlow Wyatt of Buchanan, Georgia, as they tackled those ball-pounding Yankees in the second game of the World Series today (1:30 p. m. EST).

If the veteran Whitlow, winner of 22 games during the National League campaign, should fall, they then it may be hail and farewell to the heroes of Flatbush and probably another four-game series sweep for the Yankees with the big brown bats.

Manager Joe McCarthy of the Bombers, eager to follow up his 2 to 1 triumph in the opener with another victory that would put the Dodgers really down in the month, was undecided whether to send Marlin Russo, his crack young southpaw, or Spud Chandler, a brilliant right-hander, to the hill today.

The best guess was it would be Russo, who won 14 games while losing 10 during the regular season. It is thought McCarthy would like to use Russo twice in the event of a prolonged series.

Leo Durocher, the Dodgers' master mind, guessed wrong when he pulled Curt Davis out of the hat as his opening pitcher. In fact, the Dodgers didn't guess right about anything all afternoon, much to the disgust of their ardent followers among the record crowd of 65,546. But there was no chance for Durocher to go wrong today. It was Wyatt or bust for the Dodgers.

It wasn't so much that the Yankees won the opener as it was the manner in which they won it—with fine pitching and long-distance hitting—just as they had figured to do. Watching the contest, it didn't seem as close as the score might indicate. From the moment Joe Gordon clouted his mighty home run far up into the left field stands in the second inning there never seemed to be a doubt of the result. The crowd sat back in its seats, said "there they go," and thereafter relaxed.

While the Yankees were doing that, the Dodgers were indulging in some very peculiar baseball, running the bases in a highly individualistic manner and stubbornly refusing to try to cash in fully on their occasional scoring chances.

The argument raged far into last night whether Pee Wee Reese, Brooklyn's star young shortstop, had any earthly business trying to take third base after Pinch Hitter Jimmy Waddell fouled out to Yankee Third Baseman Red Rolfe in the seventh inning. He was thrown out by a mile and Red Ruffing was pulled out of about the worst situation he encountered all afternoon.

With none out, the Dodgers already had scored one run. They had the tying run on second (Reese) and the winner on first. Off-hand, there appeared no really good reason why the youngster should have broken for third on the out. And yet there were some smart baseball men arguing last night that it was a great stunt for Reese to attempt, and that if he had gotten away with it the Yankees ego might have suffered an important shock. Only one thing was certain: it was Reese's own idea, and nobody suggested that he run.

For that matter, nobody could fault out why Waddell didn't hunt under the circumstances and advance the two runners to second and third. Members of the Dodge board of strategy said that Jimmy had been given the hint, but missed it. Buckey Harris, Washington manager, said he never knew Waddell miss a signal of any kind in the two years he had him. It was all very strange, and contributed to the general feeling of futility in Flatbush.

It scarcely was fair to single K. V. Anderson as the goat, for the youngster made three of his

team's six hits off Ruffing and made a spectacular stop on Joe DiMaggio. His all-around play, and the wonderful catch Joe Medwick made on DiMaggio's thundering wallop in the fourth inning, supplied the Brooklyn rooters their only real pleasure of the game.

The ball Medwick caught was labeled home run from the instant it left DiMaggio's bat. The fans thought Medwick merely had backed against the fence to watch it sail over, and when they saw him make his leap up and backward they still regarded it as a noble gesture. But when they saw him come down on the barrier on the small of his back, and then tumble head over heels with the ball clutched in his glove, they stood and gave Joe an ovation the like of which he probably never heard before.

American Leaguers Hit Pay Dirt

Red Rolfe, Yankee third baseman, is out at second sliding, but forces Pee-wee Reese, Dodger shortstop, to leap high in air in failure to complete double play at first. Rolfe was forced by Tommy Henrich on this first-inning play. Umpire is Grieve. Yanks went on to win first game of world series, 3-2.

SPORT SCATTERINGS

RUFFING, GORDON AND MEDWICK ARE "BIG THREE" IN SERIES INAUGURAL

Rufus the Red Ruffing tamed the belligerent Bums of Brooklyn in the opener yesterday, and his fifth consecutive World Series triumph in six games he's pitched in that event over his colorful career was nothing short of phenomenal. Ruffing, bell cow of the Yankee mound staff, wrestled with a no-hitter for four innings until the Brooks finally were rescued by Owen, who tripled to score a run on their first safe knock. He fanned Dolph Camilli, time and again as the home run king of the National League just couldn't meet the path of the ball. And all in all, there wasn't a better performer throughout the entire opener than the veteran Yankee tosser. Ruffing scattered the six blows which the Flatbush heroes were able to get, and after Joe Gordon hit his home run in the second inning, it was just a matter of Ruffing's beautiful mound exhibition and the Yanks adding a run occasionally to protect their lead.

And as for Joe Gordon, being on the winning team he romped off with hitting honors for the day, especially after that home run which hit the jackpot going into the left field stands. He was the strongest champion in proving yesterday that the Yanks are no club to fool with, even in the World Series, and that the bats they swing have the greatest power in the baseball world behind them. Bill Dickey added a terrific 400-foot double which sent home the Yanks' second score in the fourth, but it was Gordon's mighty knock that sent them on their way to the first victory in the 1941 World Series, and to give the Yanks their tenth consecutive World Series win. Gordon played pretty ball defensively, starting the game clinching double play in the ninth which went from Joe to Rizzuto to Sturm taking Medwick off second and the Pee-wee Reese off first to wind up the ball game.

The greatest fielding exhibition was turned in by Brooklyn's Joe Medwick, who stopped Joe DiMaggio's healthy blow in the fourth, converted into a home run in the left field stands. Medwick, reaching over the four-foot wall around the outfield at Yankee Stadium, caught the ball and hung onto it as he toppled to the ground on his shoulder blades. He was not injured and Joe got one of the biggest ovations of the day for stifling DiMaggio's belt. Medwick played a bang-up game of ball throughout the contest and so far that catch he made yesterday seems as the fielding game of the series. Both Yankee and Dodger infielders worked with timely precision except for Rizzuto's error, but the real thrill was to be found in left field where Joe Medwick was doing the guarding and proved to be a capable policeman.

And so the first game of the series is over, and we turn to another story about baseball, or rather, about a baseball. Mrs. Mildred Baldwin, wife of the proprietor of the Utopian Theatre in Sheffield, is the proud possessor of a baseball autographed by Frank Frisch and seventeen other Pirate players. She received the ball from Rosey Rosewell, popular baseball announcer and personal friend of Rosey's. Baldensperger, this summer, Rosey, in a message that accompanied the pellet, informed Mrs. Baldensperger that the ball was the one which Al Anderson, rookie Pirate shortstop, hit for his first major league home run.

Sports Round-up

BY HUGH FULLERTON, JR.

New York, Oct. 2.—(The Special News Service)—Brooklyn Alibi: The Yanks won, but they didn't make them bums. What really hurt was the calm way the Yanks and the New York fans took it all.

The atmosphere was about as charged with excitement as when the Browns came to town. It was the biggest world series crowd in history and one of the quietest after the bombers started bombing. Only time everybody out loose at once was when Medwick gave an imitation of the man on the flying trapeze to take DiMaggio's "home" right out of a \$3,500 customer's hands. The fans were holding their breath to give DiMaggio a cheer and let it go for the other Joe instead. DiMaggio got even in the next inning with a nice running catch of Ducky's fly. Durocher called it just right when he sent in Lew Riggs to hit for Owen in the seventh. Mickey had been the only Dodger to get a real piece of Ruffing's hard one, but the odds were against his doing it again. The percentage as must have been against Leo when his next pinch hitter, Wassell, fouled out and Reese was doubled trying to make third.

Maybe Pee Wee just forgot you can't take that kind of liberties with the Yanks infield. Keller Journal Transcript: "A few major

still runs as if he had a fist wheel, but he gets there just the same. He had a hard time pulling up after running for one fly and he had to slide to make it from first to third on Dickey's single in the sixth.

Crowd's Eye View: The stadium seemed plumb full of Brooklyn fans before the game. They whooped it up when the Bums came out for hitting practice and rattled the rafters after Camilli and Wassell made a couple of bulls eyes in the right field stands. Even the press box announcer seemed to have Brooklyn leanings when he said, "Empire State gave Medwick a big hand after that catch and they kept it up until he started to hit in the next inning. The Yank fans were heard when Gordon hit his homer. When Allen started in from the bull pen they might have been hollering. There comes cousin Johnny. And they wouldn't have been far wrong. Even the Greenpoint band was subdued. It marched up and down an aisle just before the game and paraded around the field after it was all over.

World Series Notes

BY BILL BONI

New York, Oct. 2.—(AP)—It is a shameful confession to make, but so far this is a disappointing World Series. Nobody has been given the bums' rush except "our Bums"—and that, except in Flatbush and adjoining precincts, was not entirely unexpected.

The series opener probably set a new high for deportment by the fans. Beyond some mild disorganized blowing on police whistles back of third base the popping of a few firecrackers out left away, there were no demonstrations of any sort—and that, with fully half the house rooting for Brooklyn, surely was not as expected.

To get a rough idea of how the record house was split, you could watch the two seventh-inning stretches. So many people stood up for the Dodgers, it looked like the National Anthem again, and as many got up for the Yanks, we decided a lot of people were being impartial, if not two-faced.

Realizing "our Bums" are invading hostile territory, the police threw a double line across the field the moment the game was over so they could walk undisturbed from dugout to dressing room. Many a Dodger fan felt the line should have been thrown around Red Ruffing, to keep him out of the park.

It is not common practice to erect commemorative tablets to notorious thefts. But some enterprising Brooklyn fan should mark the spot on the left field wall where Ducky Medwick was leaning one moment in an apparent "hell, I can't catch it" attitude, and leaping high a second later to spear a DiMaggio drive that had "home run" spelled out on the stitches.

Incidentally, DiMaggio and his rival clean-up hitter, Dolph Camilli, didn't clean up a thing.

Department of Unlabeled Statistics: The first ball pitched to the first man up in the first half of the first game of the first series between the Yankees and the Dodgers was a ball (there were three more in succession, which meant a pass for Dixie Walker). The 65,540 paying customers paid an average of \$3.87 to get in the park. There were six umpires on hand, four on the field and one in each dugout—which must have been just dandy for Durocher, with his well-known love for the profession.

League managers are bound to lose their jobs and, knowing this to be the case, what's happened to the old line of the sports writers: Babe Ruth Mentioned.

Press Box Pickups: Answering the above query, the Babe drew the usual crowd of photographers when he showed up yesterday but the fans didn't give him much of a tumble. Brooklyn can't lose if Russo pitches today.

The Yanks snatched him right out of the Bums' back yard at Long Island University. Fred Corcoran, who has had a big part in making tournament golf a \$200,000 a year business, says baseball is the only real game. Fred reports Sam Snead and Jimmy Demaret are flying to South America Oct. 10 to play in the Argentine Open and a flock of exhibitions. Explanation of the Yanks' success: The first two players picked by other clubs in the draft came from Yankee farms. The next three came from Cardinal farms. The series were sitting pretty at the stadium on gill chairs with plush bottoms instead of the regular seats. Red gas making the rounds was Ray Arcel's reply to a friend who asked just after the Louis-Nova fight, "How's business, Ray?" Arcel, who had just seconded his tenth Louis victim, answered, "Still picking up."

LOCALS DEFEND DRAGONS STRENGTHENING PASS TITLE AGAINST DEFENSE, BRACING ATTACK ON TRAFFORD TEAM GROUND FOR OIL CITY FRACAS

The mythical western Pennsylvania semi-professional football championship will be literally on the block Sunday afternoon when the Trafford Alumni, one of three most logical contenders from the Pittsburgh district to challenge the local pros for the crown, come here to do battle against the Warren Red Jackets.

Offering a losing bid for the honors last fall, though they made a creditable showing against the Jackets, losing 7-0, Trafford boasts a much stronger lineup this campaign than they did a year ago, one in fact, which has brought them four successive victories over the cream of the Pittsburgh crop to date.

Their only shady victory was a 7-6 decision over the worthy Beaver Valley Giants, also a holstered team this season and another of the trio of Smoky City challengers, and a club which will probably be seen here later on in the season.

Trafford also includes their 13-0 victory over the Pace Athletic Club margin, and those wins end a 10-7 campaign against the Trafford dorse Sunday's Red Jacket opponent as a club which will not disappoint the fans in their coming contest.

Coaches "Doc" Reese and Bill Paris started strengthening the local club for Sunday's tilt with a concentrated rehearsal on Beatty Field last night, and offensive tactics, which will be highly essential in Sunday's encounter, were stressed and drilled into the Jacket gridders.

The Jackets probably will use a line of Bob Main, Joe Lesson, Artie Amann, Harry Rosquist, Frank Sirlanni, Harry Ganza, and Harry Barnes, in order to field their strongest lineup against Trafford. The backfield will probably include Warmie Check, Joe Bizzaro, Harold Brown and "Bullet" Bill Graham in the starting lineup, though before game time the two coaches may have different plans.

The largest crowd of the season is expected to witness the affair, with the importance of the title now held by the Jackets partially at stake, and the Warriors' ties score will be announced in the evening by the local press.

Prices will be normal and fans are reminded that the kickoff is slated for 2:30 o'clock, eastern standard time.

RIDGWAY ELKS AT SHEFFIELD THIS SATURDAY

Sheffield, Oct. 2.—Flushed with elation, and properly so, over their well-earned conquest of the Kane Elks Wolves last Saturday, the Wolverines are working out enthusiastically this week under the watchful eye of Coach Joe Massa in preparation for their game here Saturday with Coach Sherman Stanford's Ridgway Elks.

The Elks, with twelve lettermen on their squad, including Bud Quiggle, one of the section's star backs, are definitely "up" this season, and in meeting them here Saturday the locals will be staking out against what very likely will prove to be the stiffest opposition the Wolverines will encounter all season. Certain it is that the visitors will be far tougher opposition than was the big but green Kane eleven.

An important part of the local's preparation for Saturday's fray was a practice game here Tuesday evening against the Warren Elks Varsity. Although the practice contest, won by the Wolverines, had one (excluding the score) unfortunate result for the Wolverines in that Mickey Peroski, reserve back, suffered a fractured right collar bone and will be lost to the team the remainder of the season, it also contained many benefits for the Massmen.

In addition to affording the numerically small Wolverine squad essential scrimmage work, the game robbed the Wolverine players of any overconfidence that might have been engendered by their win over Kane and gave them a true insight into what sort of opposition they undoubtedly will encounter in their game with Ridgway.

The kickoff for the game here Saturday is slated for 2:30 p. m.

LINE FORMS EARLY AT EBBETS FIELD

New York, Oct. 2.—(AP)—The line is already forming in Brooklyn for tomorrow's World Series game at Ebbets Field. It was started at 8 o'clock last night by Joan Green, 65, a Washington, D. C. negro, who took up his vigil on a rickety old chair with the intention of maintaining his squatter's rights until game-time tomorrow afternoon. Up in the Bronx, meanwhile, the first rays of dawn found another sleepy line of fans waiting at Yankee Stadium to get tickets for the series' second game. Most had been there since midnight, and several who had simply stood in line Tuesday night said they took up their vigil again immediately after yesterday's game. Police estimated 1,000 were

With no one other than the Titansville fans pleased with last Saturday's showing of the Dragons against the Rockets, a general shakeup is expected to re-establish the Blue and White power that really is present among this year's Warren High school gridders.

Over-confidence, a ragged defense, and a none to exceptional offense humbled the local schoolboys at Titansville last week and Oil City will come here Saturday with ideas of taking advantage of these loose ends in an effort to gain their first triumph of the season.

The local Blue and White aggregation normally stands out head and shoulders above the invading Oilers as to ability, weight and power, but they must play ball Saturday in order to prove their superiority.

Coach "Jake" Leidig has been drilling the boys strenuously this week on defending passes and on ground plays. The Dragons have been an amazing aggregation on the ground up until the game with the Rockets, and hope to restore their prestige in that department against the invading Blue and White outfit coached by the new Oil City mentor, Joe Connors, who formerly tutored the St. Joseph clubs from that city.

The Warren backfield of Sharp, at 2:30 p. m. (EST).

Dickerson, Sedon, Kifer and Salerno, all of them having been valuable thus far this season, had been averaging as a team a little less than five yards per try on the ground, which is a neat little bit of gaining for any team, but against the Rockets last week, though they could move nearly at will, fumbles and poor running dropped their average below four yards an attempt.

They can push it back up again with a smooth attack against the invaders this week, and it will be necessary they include this in their efforts to make a good showing in order for the Dragons to be rated a decent chance to drop the strong Red and Green at Jamestown a week from Saturday afternoon.

Meanwhile, the Oilers have been improving weekly, though the material is green, very inexperienced, and not too much for Connors to work with. Last week the boys looked better in losing to Bradford 13-0 at Oil City, and they'll be coming here determined to at least give Warren a busy afternoon.

we would not try to tell you that borrowing money to pay off old bills would put you out of debt, but there are several advantages in doing this:

1. It will free you from worry and possible loss of credit.
2. Making one easy monthly payment is considerably more convenient than trying to scatter your pay over several directions at once.
3. By having one easy payment to make each month you will have most of your salary left to pay current expenses and save.
4. The reasonable interest rate would be far less expensive to you than the worry and nervous strain caused by the task of trying to keep all creditors satisfied at once.

available, adding that most of these had since been put in use.

Another witness, M. S. Stout, representing independent jobbers, told the committee that more than 100 tank cars were being used for local deliveries by major oil companies in his home city of San Antonio, Tex.

He said these deliveries could be made by truck and the cars released for cross-country hauls.

The Connecticut senator also entered a reply to Ickes' charges that the committee had hampered him in his duties as petroleum co-ordinator by reporting recently that there was neither a shortage of oil nor of transportation facilities.

GOVERNOR AND BRIDE HONEYMOON IN SOUTH

Doylstown, Oct. 2.—(P)—Governor James and his bride, the former Mrs. Emily Radcliffe Case, were honeymooning "somewhere in Virginia" today after a quiet wedding which conformed with the chief executive's express wishes for a complete absence of fuss.

After a reception at the Doylstown home of the bride's mother, the gubernatorial couple left for a two-weeks southern trip in an automobile driven by a state trooper. A second car, also driven by a trooper and laden with luggage, accompanied the couple to a retreat in the mountains.

LOCAL OFFICER TO ATTEND FBI CLASS SESSION

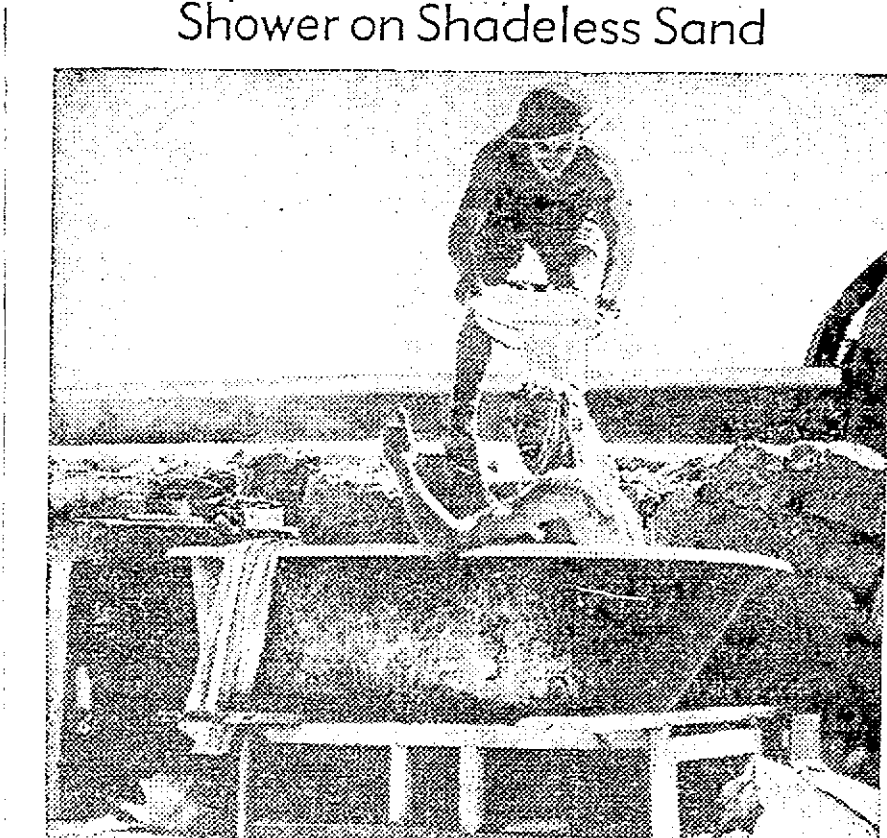

Chief of Police George F. Haehn announced today that in accordance with an invitation issued by Director J. Edgar Hoover of the Federal Bureau of Investigation, arrangements have been made for Loren E. Bidwell to attend the annual retraining session and reunion of the FBI National Police Academy associates to be held in Washington, D. C., during the week of October 6.

Mr. Haehn pointed out that the community would benefit as a result of the advanced training which Mr. Bidwell would receive from the FBI's staff of experts in scientific law enforcement procedures and internal security matters such as espionage and sabotage.

"I understand that the FBI will also afford valuable and highly specialized training in such subjects as the handling of bombs and explosives and other police functions under emergency conditions," Mr. Haehn stated. "With the present importance of developing adequate civilian defense forces, the instruction which he will receive in this subject from FBI men who spent several weeks in England recently should be particularly beneficial."

During the course of the retraining period Mr. Bidwell will hear addresses by Attorney General Francis Biddle, Governor Herbert R. O'Connor, of Maryland, Dr. Joseph P. Sizoo, The Collegiate Church of St. Nicholas, New York City, and receive personal instruction from Director J. Edgar Hoover of the FBI.

According to latest reports received from the FBI, several hundred police officials who have graduated from the FBI National Police Academy will return from all parts of the United States and its territorial possessions to participate in the retraining and reunion.

Having his words are immortal. So full texts of the most ordinary gibberish in the world are duly duplicated at expense to the taxpayers. And if there's anything worse than having to listen to a speech it's having to read one. It has apparently never occurred to anybody to issue summaries of speeches, or highlights, at great savings of paper and time, and probably with much better chance of having something on the subject printed.

The government publicity mill doesn't stop at just magazine articles. It can produce complete radio scripts, dramas and plays, and it does. For instance, Rose C. Feld was hired by Social Security Board to script a whole series of broadcasts, "Pleasantdale Folks," to dramatize and tell people what they could get in the way of benefits. Here is the climax of the broadcast from which you can build up the plot:

(Music)
RUTH (narrating): Doctor Henry was right. Mother had provided for her children (through social security). Well, Frank and I were married the day after the first

Edson's Washington Column

(From Page Four)

Having his words are immortal. So full texts of the most ordinary gibberish in the world are duly duplicated at expense to the taxpayers. And if there's anything worse than having to listen to a speech it's having to read one. It has apparently never occurred to anybody to issue summaries of speeches, or highlights, at great savings of paper and time, and probably with much better chance of having something on the subject printed.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.
